WIRELESS TELECOM ACTION

January 25, 2000

THE NEW ENGLAND AREA (REGION 19) PUBLIC SAFETY PLAN RECEIVES
APPROVAL FOR MINOR AMENDMENTS TO ITS PUBLIC SAFETY PLAN
(GENERAL DOCKET NO. 90-53)

By this Public Notice, the Commission announces that the New England Area (Region 19) Radio Planning Committee's proposal to amend the Region 19 Public Safety Regional Plan is approved. The amendment, which revises the current channel allotments for radio frequencies in the 821-824/866-869 MHz bands within the New England area, reflects changes made as a result of its fifth window application process. In accordance with the National Public Safety Plan, each region is responsible for planning its use of public safety radio frequency spectrum in the 821-824/866-869 MHz bands.¹ The Region 19 Plan was originally adopted by the Commission on April 26, 1990.² The Region 19 Plan was subsequently revised by letter on February 28, 1995, October 30, 1996 and February 8, 1999.

On November 9, 1999, the Commission issued a Public Notice (Report No. WT 99-28) inviting interested parties to file comments regarding a proposed amendment to the Region 19 Plan that was filed with the Commission on September 20, 1999. We received no comments in response to the Public Notice of January 24, 2000. We have reviewed the Region 19 request. The amendment, which is a minor change to the Region 19 Plan, modifies the Region's frequency allocation tables to provide new assignments for the Connecticut State Police; Framingham Massachusetts Department of Public Works; Massachusetts Convention Center Authority; Massachusetts Port Authority; Massachusetts State Police; Massachusetts Water Resources Authority; Middlesex Sheriff; and for Grand Isle, Vermont; Watertown, Massachusetts; and West Hartford, Connecticut. The amendment, is therefore, accepted and approved as submitted. The Secretary's office will place the amended Region 19 Plan in the official docket file where it will remain available to the public.

Questions regarding this public notice may be directed to Joy Alford, Wireless Telecommunications Bureau (202) 418-0694.

90-53

RECEIVED

Magalie R. Salas, Esq., Secretary
 Federal Communications Commission
 445 12th Street SW
 Room TW B204
 Washington, DC 20554

Dear Secretary Salas:

In accordance with the provisions of the FCC approved Region 19 Plan the Region 19 Region Plan Update Committee (RPUC) is submitting the attached amendment to its frequency allocation tables for your approval. The amendment represents changes made as a result of the Committees "Fifth Window" application process. The requested changes have been reviewed and approved by adjacent Regions 8 and 30 (copies of those approvals are enclosed).

Approval of the proposed allocations of 821MHz spectrum, as detailed in the attached document (original and 5 copies), entitled "Amendment to the Regional Public Safety Plan, Docket 90-53, New England Area - Region 19", sub-titled "Window Five Channel Allocations" is formally requested by this letter.

In order to expeditiously allocate spectrum to public safety organizations, the Region 19 Committee has set a very aggressive timetable. Please advise me as soon as FCC approval has been granted so that applicants can move forward with licensing. If you have any questions regarding this request please call me or Mr. Jerry Zarwanski, at this office at 860-685-8080.

Sincerely,

George J. Pohorilak
 George J. Pohorilak
 Chairman, Region 19

Re: Fifth Window Concurrence

Dear Mr. Pohorilak:

Region 8 has reviewed the Fifth Window allotment and new sort of Region 19. We have no problem with the assignments except for the following:

- (a) Connecticut State Police at Stone Ranch @ 41-21-57/72-16-00 on Channel 706 covers the east end of Long Island, using the 330° antenna orientation. Suffolk County Police is on adjacent Channel 707, a 12.5 Kc separation. The use of 706 should be eliminated from the Stone Ranch site.
- (b) The Connecticut State Police at Rocky Hill @ 41-39-28/72-39-09 on Channel 725 with directional antenna at 135° is co-channel with Babylon Town on Long Island. The coverage pattern looks okay, but the antenna must be kept facing north/east for this to work.

Sent by direction of the Region 8 chairman.

Yours truly,

Vincent R. Stile
Secretary
RPUC Region 8

Dear Mr. Pohorilak:

Reference is made to your July 7, 1999 letter regarding the Region 19 fifth window computer sort and the resulting proposed channel allotments.

Region 30 has considered the proposed allotments and finds that no interference should occur to Region 30.

Accordingly, Region 30 concurs with the Region 19 fifth window proposed channel allotments.

Sincerely,

Robert F. Schlieman
Technical Committee Chairman

for and by direction of

Paul F. Schonewolf, Chairman - Region 30

Enclosure: Region 19 Fifth Window Proposed Channel Allotments
