FirstNet in 2018

- Launch **FirstNet Core** – March 2018
- Nationwide buildout of state **RANs** and **Band 14**
- Grow **Applications** and **Devices Ecosystem**
- Test current/future network features in **Innovation & Testing Lab**
- Support **Network Operations** and **Pilots**

*Over 150,000 connections from 2,500 agencies have adopted FirstNet*
5 EARLY BENEFITS OF FIRSTNET

- **Richmond, VA**
  - We heavily use mobile data in order to be more efficient in delivering information to responders and to retrieve information independently from the communications center. **FirstNet allows us to have priority and preemption so it is available to us all the time.**
  
  – **Stephen Willoughby**, Director and Chief of the Department of Emergency Communications, City of Richmond, VA

- **Brazos County, TX**
  - “When you have one network to manage your team and share information with other agencies, we don’t have a silo agency with all the information in one place. Instead, **we have true interoperability and better communications to share information over a secure network.**”

  – **Lieutenant Thomas Randall** (Ret.), Brazos County, TX, Sheriff’s Office

- **Brookfield, CT**
  - “The Connecticut Incident Management team who we contacted to help us work with AT&T, said, ‘Look, we know you guys are down on phones. We’re going to make it happen.’ And it was done within two hours. **We got confirmation, got a quick lesson on [FirstNet devices], and we were good to go.**”

  – **Andrew Ellis**, Assistant Fire Chief, Brookfield, CT, Fire Department
## FY 2019 Priorities

<table>
<thead>
<tr>
<th>NETWORK</th>
<th>PUBLIC SAFETY ADVOCACY</th>
<th>INNOVATION</th>
<th>REINVESTMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Continued build, operation and evolution of the NPSBN</td>
<td>Continued outreach and advocacy to federal, tribal, state and local public safety and associations to ensure the network meets their needs</td>
<td>Drive innovation and seek technologies to advance public safety communications</td>
<td>In-depth analysis and recommendations for future reinvestment efforts on behalf of public safety</td>
</tr>
